#4351

INTERIOR VIEW OF PROTESTANT CHAPEL

The Protestant Chapel, with seating for 900 cadets, is the largest of the three principal worship areas. Flanking each side of the nave are 38 pews of American walnut. Stained glass panels suffuse the area with multi-colored light. The cross suspended above and behind the altar is constructed of aluminum and is over 46 feet high. The excitingly beautiful Air Force Academy Chapel is located just north of Colorado Springs, Colorado.

P.A.,

I came; I saw, and as you said it's breath taking.

I'm so glad I came even though it was 2½ days on the bus and I hope no more going back.
